Dear Harold:
Thought I would write a few lines about a couple things. First I'm using the super slueth(Jerry's) stationary.
I received a letter from Baltimore a couple days ago from a guy said he knew you. I've forgot his name. Can't locate the letter which I answered.
I've been trying to get the JD negoiating papers that led to the consent decree & the court sequestering for 50 years in the NARS of the FBI surveillance of MLK. However, although I requested the records from the JD, they keep trying to shift it to FBI--I have a suit in Knoxville over it. The FBI sent me one letter & the local AG the same letter which the AG attached to a Motion. What do you make of the extra writing at bottom of 2nd page. In the letter to me this was deleted.
Trust everything going OK.

Later, J. Ray
